

MAKEUP.SCHOOL™

Requirements to receive the Makeup.School Certificate:

You must be a member for a minimum period of 1 month before you are allowed to complete your practical and theoretical examination. No early hand-ins is allowed.

There is a theoretical and practical examination which you have to complete after you've finished your video training. You will find the online examination section in the Member's Area once you've logged in.

The theoretical examination consists of 40 multiple choice questions which you will complete from the member's area on the website. You must choose the most correct answer and you must score at least 26 out of 40 points to pass.

Members are allowed to rewrite the theoretical examination at no extra cost.

The practical examination consists of 5 bridal and 5 celebrity makeup looks which you must perform on yourself or other models. It must be those looks that were done in the course.

Please make sure that you have an "Eyes-Open" and "Eyes-Closed" photo of each look. Your photos have to be clear and the face area should not contain any shadows so that we can review them properly. Please pay specific attention to the eye shadow, eyeliner, blush and lipstick color of each look.

No exceptions will be made when it comes to your practical examination. If your look isn't exactly the same as shown in the videos, you will be requested to redo the particular look(s).

If a makeup look requires false eyelashes (eyelash strips or individual lashes), then it must be seen in your photos of that specific look.

If you don't have the specific color shown in a video, whether it be eye shadow, lipstick, blush, etc. then you can mix colors together to obtain the desired outcome. Chapter 2 in Modules 2 shows you how to do this using the color wheel.

Pictures are to be taken outside in natural sunlight. Certain indoor lights have an unnatural effect on the photos.

No "blurry" photos will be accepted.

Please email your photos to info@makeup.school.
